

## MANY FATAL STORMS.

Lives of Many Workmen Lost in a Gale at Milwaukee.

Death and Destruction in the Path of Southern Cyclones.

Watchmen Called Out at Night to Protect Exhibits at Chicago.

MILWAUKEE, April 20.—Lake Michigan is being swept by one of the worst easterly gales experienced in years. The sea is running very high and tugs are unable to venture out of the harbor. A small vessel is ashore at the head of Johnson avenue.

The house over the crib at the terminus of the new water-tunnel, out in the lake, was washed away.

Of the workmen who were busy there, but none were drowned. The number is variously given from fifteen to twenty-two.

LITTLE ROCK, Ark., April 20.—News was received here today of a fearful cyclone that swept down from the north a few days ago, leaving death and havoc in its wake.

The town of Boies, sixteen miles north of Dallas, Pa., was almost swept off the map. Buildings and outbuildings and fences were blown half a mile and shattered in fragments. Trees were uprooted and blown in the road. A number of lives were lost, but a correct report cannot be obtained.

It is known that seven persons were killed. As eye-witness says that just before the wind struck the town strange atmospheric phenomena were noticed, and the people were to some extent prepared for the visit.

First the sky became overcast, then a menacing sound was heard and finally a greenish-colored cloud was seen rapidly approaching from the southwest. As it neared the wind sprang up and continued to blow until buildings and trees were unable to stand against the terrific pressure. The path of the cyclone was marked by a line of destruction.

FAIRBURY, Minn., April 20.—At noon yesterday a terrific cyclone passed through the valley just south of this place. It was about three hundred yards wide. It swept everything uprooted, trees, tore down fences and destroyed houses.

Many families were demolished and many families were in the storm last night without shelter. Of one family, three persons, including eight persons, all are seriously injured, but it is probable that an expert eye could find more.

A number of others are reported injured, but how many and to what extent cannot yet be determined.

CHICAGO, April 20.—Half-dressed gales raged from the service building at the World's Fair grounds about 11 o'clock last night. They struck the Manufacturers' Building, where their services are held. It was a wild night at the fair. For hours the rain had poured down on the roofs of the buildings, and the water was running down the gutters.

The wind had been high all day, but an hour before midnight it rose almost to a hurricane. The rain was driving down the streets, and the water was running down the gutters. The men worked desperately under the personal supervision of the director-general, and the water was running down the gutters.

Assistant Director of Works Graham said it was an extraordinary wind. The water in the lake was at every level, the angle of the mace curved bow affecting the water, and a lot of the water was driven upward and between the panels of glass.

## WED THIS AFTERNOON.

Miss Marie Huntington to become Mrs. Leopold Frank.

The marriage of Miss Marie Huntington, daughter of Charles H. Huntington, to Leopold Frank, of Calvary church at 230 this afternoon is to be followed by a reception at the home of the bride and that of Mr. and Mrs. Daniel Huntington, and the bride's parents, 44 East Twelfth street.

Mr. Frank is a well-known trader in broad street, and the wedding will be the most beautiful part of the Rockaway, L. I.

William Arnold's Right Leg Crushed and Mangled.

William Arnold, aged thirty-three years, was run over by a fourth avenue horse car while crossing Fourth avenue at Fourteenth street at 3:30 this morning.

He was taken to the New York hospital, where his right leg was found to be badly crushed and mangled.

He is now in the Putnam House, Twenty-sixth street and Fifth avenue.

No More Santa Fe Pickers.

TOPEKA, Kan., April 20.—The threatened spread of the rice of the Santa Fe sheep has subsided, and there is no longer any reason to believe that any of the remaining sheep organizations will be able to pick the sheep.

The committee is appointed by the farmers, from which the sheep are to be taken, and the sheep are to be taken from the sheep.

Discovered Just in Time.

A fire which probably originated from a lighted cigar stub tumbled down on a building at 100 East Twelfth street, and was discovered just in time.

The fire was discovered by a fireman who was passing by, and the fire was extinguished.

One Death from Small-Pox.

The Bureau of contagious diseases reported one death from small-pox this morning, that of Annie Freese, fourteen months, of 220 West Fourteenth street, who was taken to North Brother Island April 19.

## WALL STREET REASSURED.

Gold Situation Still the Absorbing Topic on Exchange.

Western Bank Offerings May Be Offset by More Exports.

WALL STREET, Thursday, April 20.—The news from Washington to the effect that the gold in the Treasury is increasing on account of tenders by the Western banks had a reassuring effect in financial circles this morning.

On the other hand, however, the probability is so great that gold shipments will resume on Saturday, owing to the strength of sterling exchange, that it is felt the Treasury will in a short time have to encroach upon the \$100,000,000 reserve after all.

On this account every one is waiting expectantly for some announcement by Secretary Cullen in regard to his policy. Will he issue a statement that the government intends to wait and see how far the banks will assist in maintaining the reserve?

These questions are opportune in the minds of Wall street and the uncertainty of the gold situation is the topic of conversation.

One million, two hundred thousand dollars in gold were taken out of the Sub-treasury today.

Acting Assistant Treasurer Mulholland said that of this amount, \$250,000 was to be used for the purchase of gold from Canada, and the balance for export to Europe.

The gold was paid for with United States gold certificates and Treasury notes, the latter being accepted, justly, as being the more desirable.

The acceptance of the Treasury notes at par, however, is a matter of some doubt, as the Treasury notes are not redeemable in gold.

The gold market opened firm and higher, but later softened to 2 percent. The dollar was quoted at 144.10 to 144.15. The dollar was quoted at 144.10 to 144.15.

## SHOT BEFORE A MIRROR.

Suicide of an Apparently Well-to-Do Nova Scotian.

He Was Occupying a Room in West Forty-second Street.

An apparently well-to-do man, twenty-seven years of age, committed suicide this morning in a furnished room at 320 West Forty-second street.

The appearance of the room indicates that he got out of bed, stood before a small mirror hanging on the wall over a washstand and directed the fatal bullet.

There is a probability that the suicide was Joseph Arduini, a storekeeper in Halifax, Nova Scotia.

He engaged the room yesterday for a week, paying \$20 on account. He was a clean-cut, well-dressed man, about 35 years of age, with dark hair and a high forehead.

He was last seen at 10 o'clock last night, and this morning at 10 o'clock, when he was found in the room, with a bullet wound in the forehead.

A letter which was found in the room, and which was addressed to a friend in Halifax, was found in the room.

The letter was found in the room, and it was addressed to a friend in Halifax, Nova Scotia.

## TURNED ON GEORGE C. KNIGHT.

Smith M. Weed Protests Against the Use of His Name.

The Meeting to Oust Warner Miller Interesting, but Fruitless.

A special meeting of the stockholders of the Niagara Canal Company was held this afternoon at the office of T. M. Motley, at 45 John street, for the announced purpose of taking steps to remove ex-Senator Warner Miller from the Presidency of the company.

George C. Knight, who claimed to represent the stockholders, announced the meeting, and had prepared a long statement, in which he made sweeping charges of mismanagement against the present administration of the company, and proposed a scheme for an international company, in which both the governments of the United States and England should unite in the construction of the canal.

Only half a dozen stockholders were present, however, and they represented small holdings.

They listened to a long harangue by Mr. Knight, who wanted a committee appointed to give Mr. Miller twenty-four hours' notice to resign, and then to the vote on the resolution.

Mr. Knight, who was the only one of the directors present, was the only one of the directors present, and he was the only one of the directors present.

Mr. Knight, who was the only one of the directors present, was the only one of the directors present, and he was the only one of the directors present.

## COULD NOT NAME IT.

Doctors Unable to Understand this Case.

Shows What Can Be Accomplished if One Only Knows How.

This May Prove More than a Hint to Others in the Same Dilemma.

Doctors do not know her disease. This is the experience of the wife of one of Detroit's most prominent and best known real estate and insurance agents, William A. Berry, who at present resides at Grosse Ile, Mich.

"My wife, who is 67 years of age," said Mr. Berry, "has for seven years been troubled with what our doctors call rheumatism, but they never could give the kind."

"She has been troubled with nervousness and occasional swelling of the hands, feet and face, with cramps in her neck and limbs. She could scarcely raise herself after sleeping, and she was so weak that she could not walk without a cane."

"About three months ago she commenced using Dr. Green's Nervine, and she has been steadily improving, and she has been able to walk without a cane, and she has been able to do her usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."

"I am glad to hear that you are enjoying yourself. I am also glad to tell you that you have been able to do your usual work, and I am glad to hear that you have been able to do your usual work."
